

The best under the sun.  
For the most alluring shade in the world.

Designer Awnings for Patio and Balcony

**markilux**  
The best under the sun

The full details  
can be found at [markilux.com](https://markilux.com)

# The sun smiles down on an awning. Life smiles on you under a markilux.

## Outdoor living

Hours of relaxation and recuperation or valuable time well spent with your family and friends – these are the precious moments in which you cherish your outdoor lifestyle. Designer awnings from markilux not only provide shade, they open up new opportunities for enjoying life. They provide protection on hot days and make for a cosy ambience long after the sun has set. In choosing a markilux designer awning, you are opting for the very best quality “Made in Germany” – and for endless hours of light-hearted fun outdoors.

markilux designer awnings have received a multitude of awards:

| Brand

| e.g. markilux MX-2 / MX-1 compact

# Reduced to the essence: Free. Time.

## Premium quality made in Germany.

For over 50 years, markilux has been developing and manufacturing top-quality solar protection solutions. markilux designer awnings are characterised by their first-rate, multi-award-winning design and innovative technology. The production of awning and cover under one roof is the essence of what markilux “Made in Germany” represents, with the aim of making an al fresco lifestyle comfortable, convenient and enjoyable. With markilux, you can turn your favourite spot outdoors into something extra special. **The best under the sun. Create the most alluring shade in the world.**

### markilux quality

The best possible materials and a comprehensive quality management system ensure that every markilux designer awning has a long service life. As a company, markilux is certified in accordance with EN ISO 9001 standards.

### markilux functionality

markilux combines innovative technologies and smart solutions to create high-end products. A multitude of accessories and operating options make it possible to individualise your markilux designer awning in line with your own personal wishes.

**markilux**

#### **markilux service**

The combination of a brand product, expert advice and professional installation makes your solution perfect. Qualified markilux specialist dealers provide a comprehensive service and a personal point of contact in your area.

#### **markilux design**

It is the perfect combination of form and function that turns an awning into a markilux designer awning. In this respect, markilux relies on its long-standing experience in R&D and design.

# Designer awnings from markilux. Individuality right down the line.

## **Your model from 1 million configuration options**

You can make your markilux designer awning as unique as you are.

With a choice of more than 40 models, over 200 timeless cover patterns and a wide range of accessories, you can design an awning to suit your every need.

With lighting modules, infrared heaters, smart control technology and other additional functions, markilux awnings can enhance your outdoor experience at any time of day – or night.

Your markilux specialist dealer will gladly assist you with professional advice and suggestions when helping you configure your very own designer awning.

Technical overview from page 98

## Model

### Perfect Design. Perfect function.

Every markilux designer awning combines design, quality and technology into one unique solution. Within our large range of models, there is bound to be one that fulfils your wishes in terms of functionality and matches the ambience of your patio perfectly.

From page 8

## + Awning cover

### A large range of colours and patterns

Our textile designers identify current trends in interior design, architecture and colour preference, and turn them into unique awning covers. With more than 200 patterns to choose from, markilux offers you an unparalleled selection.

From page 80

## + Specification

### Awning colour, operation and options

Modern colours, easy-to-use operating technology, optional lighting solutions and additional extras, such as infrared heaters, leave nothing to be desired and make being outdoors a pleasure even when the sun isn't shining.

Lateral protection by markilux against the sun, light wind and prying eyes.

Design is the art  
of melding function  
with beauty.

## Cassette Awnings

# Quality has its merits. Usually the very best ones.

## markilux MX-1 compact

Just one look and the markilux MX-1 has already made a big impression by virtue of the way it uniquely combines form and function. Retracted, the tapered full cassette with a depth of 38 cm makes a big impression on the observer. Extended, it shows its true proportions: gleaming LED options in the cassette and front profile, eye-catching ambient lighting as well as a multitude of frame colour combinations. Design, “made by markilux”, that has received many an accolade. The markilux MX-1 manages to create an inimitable atmosphere at any time of the day or night, that will not cease to raise your heartbeat – now and in the future.

## LED Spots in the cassette

During the day, the markilux MX-1 compact dowses everything in beautiful shade – and in the evening bathes everything in light.

## mx\_1 compact

Red

Green

**markilux shadeplus**

At just the touch of a button, the optional protection from glare and prying eyes creates an enviable, private room outdoors. As standard, the shadeplus is equipped with a radio-controlled motor and is supplied with a markilux remote control.

#### Plain and simple. Envable.

When closed, the markilux MX-2 gives the impression of being entirely in one piece. With or without LED lighting. Product design – at its best.

#### Open to the magic of personalisation.

When open the markilux MX-2 shows its full potential and wins you over in every respect. Solar protection – state of the art.

#### Room for personalisation

Every detail has been carefully shaped, anything unnecessary dispensed with. Uncluttered and restrained – and all the more elegant as a result.

mx\_2

## Fascinating in shape. Functionally superb.

### markilux MX-2

This is the essence of flowing design and perfect solar protection technology and it can be married seamlessly to architectural requirements and patio design. The reduced, organic and harmonious design language seems to have come “from a single mould” and fascinates in every form – and function.

## The awning with both elegant curves and clean lines.

### markilux MX-3

Shapely curves, clean lines, a fascinating colour spectrum – these are the defining features of the markilux MX-3. The colour choice of the all-round styling panel offers a unique customisation option and makes the hearts of patio and balcony owners beat faster. When closed, the awning makes a good impression with its harmonious appearance and when open, it fully reveals its technical superiority.

### Clean lines. All round.

If you like shapely curves in combination with a straightforward design, you will love the markilux MX-3.

### The best spot under the sun – even in the evening

As individual as your life – as unique as you like it. Discover all your options at your local markilux specialist dealer and at [markilux.com](https://www.markilux.com)

## LED lighting options

### Perfection. All round.

Whether you choose diffuse LED Line or accentuated LED Spot lighting, you will find all the highlights in the showroom of your local markilux specialist dealer and at [markilux.com](https://www.markilux.com)

**The interplay of attractive awning design and sophisticated LED technology**

Designed to provide shade for large areas during the day and magical moments in the evening.

The markilux MX-4 fulfils the desire for sophisticated outdoor living at any time of day.

mx\_4

## A cracking composition with an excellent ensemble.

### markilux MX-4

Make way for the cassette awning markilux MX-4. Designed to shade large areas, its avant-garde design and all-round styling panel are compelling. Product design – both functional and attractive. With the innovative lighting options and the additional wall lights, it shines brightly in the evening and creates spectacular and enchanting lighting effects. Raising the curtain on a great composition.

#### Clear form. Soft curves.

For contemporary architecture – and people who place a high demand on design, functionality and durability.

#### Individual options

Cassette and front panel colours can be combined freely in the standard markilux colours and emphasise individuality, taste and style.

#### LED Line in the cassette

Accentuates the design of the awning and creates a fascinating atmosphere.

#### LED Spots in the front profile\*

Showcase designated areas selectively and charmingly.

#### The later the evening, the more beautiful the light.

Innovative LED lighting technology (WW or RGBWW) extends both the outdoor living space and the amount of time you can spend outside.

\* Available from May 2023

## mx\_4 Options

### Always putting al fresco living in the right light

A further highlight – in the truest sense of the word – are the markilux MX-4 wall lights. Matched to the design language of the awning, they fit perfectly into the design image and demonstrate Al Fresco Living of a special kind.

The markilux MX-4 designer awning in combination with the new markilux MX-4 wall lights and other lighting options illuminate every outdoor area, completely individually and, if so desired, with coloured light. The way to create sensational lighting scenarios depending on occasion and mood.

#### Magical trio. Light. Form. Function.

markilux MX-4 wall lights enrich outdoor living with a uniform overall appearance during the day and lighting full of atmosphere in the evening. Illuminates the area above, below or in both directions.

#### markilux MX-4 wall lights

In good shape – and perfectly coordinated with the awning design.

Cool and clear – and, with an app, all the colours in the world.

Magical worlds full of atmosphere  
Outdoor living in a new light. And colour.  
Explore your options now at

Bright and colourful for a memorable party with friends.

## mx\_4 Options

**Warm and relaxing** for those cosy evenings for two.

### **Gives light and more**

markilux designer awnings that create a glowing atmosphere. Things are becoming more spectacular and versatile with the markilux MX-4. The awning makes it possible to create a very individual lighting atmosphere, depending on the occasion and mood.

All colours are easily and infinitely adjustable – for example by using either the Philips Hue or Somfy TaHoma apps – and allow the outdoor area to be shown in many different “lights” – sometimes in a cool, sometimes a colourful or a very warm lighting mood.

Whatever the colour: light is effective and creates a spectacular ambience.

winner 2006

#### LED Spots in the front profile

More than a decorative highlight. The markilux 6000 lights up your favourite spot in an elegant, flexible and energy-efficient manner, just the way you want it.

#### **markilux shadeplus**

The vertical shading in the front profile adds the finishing touch and provides personal protection from the sun and prying eyes. On request with a switch-operated/remote-controlled motor.

#### **Variable decorative elements**

Whether you choose the end cap insert in stainless steel mesh, the end cap trim and frame in a chrome finish or all deliberately uniform in the awning colour of your choice – you can design your very own personalised top model by markilux.

**mx\_6000**

## No false modesty: Germany's top model.

#### **markilux 6000**

A designer awning with many faces – each one more beautiful than the next. Create your own personal and unique model from a wide range of awning frame colours, decorative features and available accessories. With its remarkable dimensions and technical specification, the markilux 6000 makes a lasting impression. It also cuts a dashing figure as well. Invite Germany's top model into your home.

mx\_5010

## At home in every family. At home on your patio.

### markilux 5010

The markilux 5010 can be effortlessly extended, either at the touch of a button or via smart control by way of an app, and will be a hit with all the family. On top of that, as a coupled unit with up to three awnings installed next to one another, friends and guests will also be able to find a cosy spot in the generous shade this awning offers. This all-rounder encourages relaxed get-togethers and turns any hour spent outdoors into a happy one.

### Polished chrome fittings

Optionally available as an eye-catcher: the chrome-plated end caps fitted to the front profile. On request, with a wall sealing profile which drains rain away over the front of the awning.

### markilux shadeplus

Enjoy relaxing on the patio even when the sun is low in the sky.

# For everyone who loves all-round beauty.

## markilux 970

The markilux 970 exudes the urban lifestyle with confidence. Its neat and slim appearance makes it the ideal model for those who love the simplicity of elegance. Lighting, numerous styling options and the varying front panel finishes lend that individual something to the markilux 970. All in all – simply because of its clean lines and straightforward design – this awning is an all-round performer.

### Variety in design

The colours of the cassette and front styling panel can be mixed and matched at will. And there are even three more anodised, accentuated colours available for the front styling panel: silver, bronze and black.

## markilux shadeplus

For more protection from prying eyes and the glare of the sun, the optional vertical blind in the front profile is bound to impress.

### LED lighting

LED Spots attached to or LED Line in the cassette make for a stylish ambience at dusk and throughout the evening.

# mx\_970

LED Spots under the cassette,  
various standard colour combinations,  
coloured front panels,  
shadeplus

## Creates a carefree ambience.

### markilux 990

Small, but impressive! You will be surprised how much technological sophistication there is to be found in this 125 mm high cassette. The folding arms and awning cover disappear into the compactly constructed cassette with U-shaped front profile. An impressive angle of pitch of up to 70 degrees when top fixing makes this awning suit smaller patios and balconies particularly well. Thanks to these advantages you can enjoy many hours relaxing in the most beautiful shade.

### End cap insert in polished chrome

That certain something for your markilux 990.

### Wall sealing profile

The slim aluminium profile in the same colour as the awning closes the gap between the awning and the wall, allowing rain to be discreetly drained off via the awning.

mx\_990

**Cassette awning**  
max. 500 × 300 cm

**Arm technology**  
Twin steel-link chain,  
optional: bionic tendon

**Options**  
Valance,  
coupled awning

mx\_3300

**Angular design**

The markilux 3300 blends in perfectly with its architectural surroundings thanks to precise niche installation on the ceiling or wall.

**High impact.**  
**Low maintenance.**

**markilux 3300**

If you are convinced that an awning cannot be visually merged into its architectural surroundings, the markilux 3300 will prove you wrong. Depending on the structural situation, this designer awning, with its smooth front profile, can disappear completely into a wall or precisely into a recess. When extended, it comes into its own with dimensions of up to 700 × 400 cm. And you can shade even larger areas by coupling up to three single awnings together. Discover how practical the markilux 3300 can be, and make this awning a big hit in your home.

Good technology  
is about putting effort  
into saving effort.

Semi-cassette and Open Style Awnings

# One of the most beautiful. Far and wide.

## **markilux 1600**

This awning won the IF product design award for its harmonious, semi-circular design. And it looks unique when it's fully extended, too. As a semi-cassette awning, the markilux 1600 is open underneath. The top cover profile adapts itself to the angle of pitch of the awning and closes completely flush with the front profile when retracted, which protects the cover safely from rain. Take a look around your neighbourhood: your awning is probably the most beautiful far and wide.

## **Polished chrome fittings**

Underline the visual impact of your markilux 1600 in spectacular fashion – fitted to the front profile and torque bar.

## **markilux shadeplus**

The additional blind cover in the front profile of the markilux 1600 makes it possible to shut out low-lying sun and prying eyes.

mx\_1600

**Semi-cassette awning**  
max. 710 × 400 cm

**Arm technology**  
Twin steel-link chain,  
optional: bionic tendon

**Options**  
LED Line in the folding arms,  
end caps in polished chrome,  
shadeplus,  
valance,  
coupled awning,  
stretch

**Lighting options**

The LED Line in the folding arms guarantees evenings with plenty of atmosphere.

#### **markilux 1710 stretch**

Gives an impressive performance on narrow patios, balconies and in recesses: thanks to the two crossover arms even awnings with a narrow width are able to extend considerably further.

#### **Polished chrome fittings**

Side caps matching the awning colour or deliberately emphasised in a finely polished chrome finish. This awning can simply wear anything.

#### **More cover without a cover cassette**

Optionally available without a cover cassette, the model variant markilux 1700 can be extended up to 400 cm to provide even more shade.

mx\_1710

## Great performance. Beautiful details.

### markilux 1710

The markilux 1710 interprets the classic awning shape in a contemporary manner. The conspicuously round torque bar merges organically with the round cassette to form an elegant design feature. Because of its shape, the optional LED lighting in the folding arms and the timelessly elegant decorative features in polished chrome, the markilux 1710 will stand out on any patio thanks to its presence and well-designed details.

#### Cover cassette awning

max. 700 × 350 cm (mx 1710)

#### Open style awning

Open style awning  
max. 500 × 300 cm

Arm technology  
Twin steel-link chains

reddot design award  
honourable mention 2009

#### Valance

This additional decorative finish to the front profile lends this open style awning individual charm.

mx\_930

## Angling for perfection. Moving. Differently.

### markilux 930

This awning moves differently from the rest. When extended, the angle of pitch can be set at up to 80 degrees – so if required, the awning can pivot almost to the vertical. Because as you retract the markilux 930, the awning pivots into a horizontal position and disappears below the soffit. The mobile markilux 930 is perfect for all balconies and eaves that require no additional protection of the awning cover or technology. Your new shading device bows to the sun – allowing you to enjoy being outside in the evening even when the sun is low in the sky.

### Pivoting mechanism

The just 122 mm high awning frame disappears discreetly under the soffit when retracted. Only when it starts to extend does the markilux 930 pivot into its preset pitch.

#### Aluminium coverboard

Protects the cover from dirt and moisture.

#### Pitch adjustment gear

Changes the awning pitch from 4° to 85° using a crank handle.

#### Valance

This decorative piece of fabric conceals and protects the folding arm technology when the awning is retracted.

Select from one of the two standard frame colours: traffic white RAL 9016 and metallic aluminium RAL 9006 or, at a surcharge, a RAL colour of your choice.

mx\_1300

## Beautiful. Simple.

### markilux 1300

Robust, reliable and fulfils all the expectations of a good awning. With the optional pitch adjustment gear, you yourself can determine the angle at which your awning cover protects you and your loved ones from the sun. And, if desired, a shadeplus: the versatile blind attached to the front profile that protects you from the low-lying sun and prying eyes. Beautiful simplicity! And simply beautiful protection against the sun.

**Open style awning**

broad range of convenience  
and design options,  
page 62

#### markilux shadeplus

The additional vertical blind integrated into the front profile simply blocks out low-lying sun and the glances of inquisitive neighbours.

#### Coupled pergolas

For all those who want even more shade: up to five single pergola units can be joined side by side.

For all those, who have grandiose plans even if it is windy and wet.

#### markilux pergola classic

When it comes to solar and wet weather protection, the markilux pergola classic ranks top. The awning system on slender posts and with lateral guide tracks provides generous shading with an extension of up to 6 metres. At the same time, the markilux pergola defies wind and weather up to Beaufort 6 (wind resistance class 3). You have every opportunity to make your favourite outdoor place your very own with a markilux shadeplus as well as with a multitude of lighting options and different post shapes. No matter how strong the sun shines or the wind blows, with your markilux pergola classic you can enjoy life outdoors at any time.

#### Closed full cassette system

The cover disappears completely inside the round cassette, Ø 187 mm, and is ideally protected. The only thing that is more impressive than the look itself is the fact that the technology functions perfectly.

#### markilux tracfix

One of many markilux refinements: the lateral cover guidance system that leaves no gap between the cover and the guide track. Gives an overall better appearance and improves wind stability.

#### **Pergola awning**

and design options,  
page 62

#### **Wonderful, functional and reliable**

Regardless of whatever style you prefer – in the personal combination of awning cover and technology you are bound to find precisely the markilux pergola cubic that fulfils your requirements perfectly.

## mx\_pergola cubic

Essentially square.  
Practically superb.

### markilux pergola cubic

The design of the new markilux pergola cubic was developed entirely in the spirit of the Dessau Bauhaus philosophy. Functional, clear and timeless contouring on the basis of cubist simplification. In addition to the proven solar protection benefits offered by the pergola, this model integrates itself harmoniously and impressively into today's modern architecture and does not just make a big impression with its high-quality workmanship.

### The pinnacle of quality and convenience

Extras for more shade, light and warmth – discover all the ways you can personalise your awning in the showroom of your markilux specialist dealer and at [markilux.com](https://www.markilux.com)

### Reduced design language

The angular cassette, 200 × 160 mm, offers room for large-scale solar protection up to 600 × 450 cm or 500 × 600 cm, and as coupled unit a whole lot more.

### markilux shadeplus

More shade and protection – even when the sun is low in the sky. Optionally solar driven using the markilux sundrive.

#### markilux shadeplus

Blocks out glare from the sun and prying eyes in an instant.

#### An “all-round” achievement

The square, compact cassette, 125 x 125 mm, protects the awning cover all round.

# mx\_pergola compact

## Dependable. Anywhere. For anyone.

### markilux pergola compact

The pergola compact unites the graceful shape of the classic pergola with the latest in product design and the most advanced technology. The compact, space-saving awning system on slender support posts and with lateral guide tracks, which always keep the cover taut, is ideal for smaller patios. The markilux pergola compact invites you to lounge and take it easy. Attractive and functional solar protection. Anywhere. For anyone.

**Pergola awning**  
max. 450 × 400 cm

#### Options

Shadeplus, lateral wind protection and extra privacy as well as a broad range of convenience and design options, page 62

reddot design award  
winner 2017

#### Always in the best light

Highlighted with LED Spots attached to the cassette or LED Line in the cassette, on the guide tracks and / or in the light bar guarantee endless hours of pleasure outdoors – even long after the sun has set.

#### markilux sundrive

An integrated solar module can drive the shadeplus motor in the markilux pergola classic/cubic. When the awning is extended, the front profile and the guide tracks finish perfectly flush with one another.

#### Telescopic post

For better water drainage, the front post of the markilux pergola can be lowered in a flash between 20 and 40 cm depending on the size. On request operated by motor.

#### LED Line

Light for reading or informal get-togethers, either in the guide tracks and/or in the lighting bar, turns your night into day. Also available in the cassette with the pergola cubic/compact.

#### Square posts

As an alternative to round posts, square ones fulfil the desire for clean straight lines.

#### Ballast boxes

Give your markilux pergola reliable stability when fitting the front posts to foundations is not possible or desired.

#### Stainless steel crank

Bring the adjustable posts to the desired height in no time at all. Optionally operated by motor.

#### LED Spots attached to the light bar

The spotlights provide perfect contrast lighting in the evening hours. And they can be pivoted and dimmed, of course! Also available under the cassette in the pergola cubic/compact.

**markilux shadeplus**

The vertical protection against sun and prying eyes – up to 230 cm in height – creates a private room outdoors with its own special ambience.

#### Slender appearance

Design reduced to the essence.  
The cover safely tucked away.

#### Well thought through

Water drainage from the cover via the  
integral gutter and support posts is assured  
from a very low pitch of only 5°.

#### Attractive protection majestically full of fresh air

A waterproof awning cover leaves you perfectly prepared for a comfortable and relaxed  
season – al fresco. Allow your markilux specialist dealer to give you professional advice.

# mx\_pergola stretch

## Many. Fold. Superbly in shape.

### markilux pergola stretch

The markilux pergola stretch offers an impressive take on sun and wet weather protection. The cover is perfectly integrated into the minimalistic, high value awning system. The rhythmical, space-saving cover folding technology makes it possible to shade large areas and creates a special and impressive atmosphere. The abundance of optional extras means that the markilux pergola stretch invariably shows itself from its most attractive side.

**Pergola awning**  
max. 700 × 700 cm

#### Options

LED Line in the cover support profiles,  
cross-beam with heaters and / or LED lighting,  
vertical cassette roller blinds,  
lateral wind protection and privacy screen  
as well as many more comfort and design options

### Truly imposing with an impressive appearance

Versatile implementation in varying weather conditions. The LED lighting, heaters and lateral protection options allow the atmosphere to be adapted as the situation requires.

For every requirement  
the right solution.  
Using the highest quality  
products.

markilux

Awning Systems

#### **Awning system**

maximum post separation  
up to 600 × 600 cm with two  
independently functioning awnings,  
as a 1-field unit up to 300 × 600 cm,  
overall height 260 cm, other  
heights are possible

#### **Options**

LED lighting, wall fixture,  
vertical cassette roller blinds,  
lateral wind protection and  
extra privacy, panoramic window  
as well as many more convenience  
and design options

#### **On request – that little bit more**

Whether in combination with heaters, atmosphere-creating LED Line or LED Spots: the markilux markant ticks every box in creating a feel-good space in the open air.

#### **Versatile in both form and function**

As stand-alone unit or integrated into the existing architecture, the markilux markant is compelling and makes a big impression in any situation. Detailed information can be provided by a markilux specialist dealer near you or otherwise go to [markilux.com](https://www.markilux.com)

## Make the rain **take a detour.**

### markilux markant

The free-standing awning system markilux markant is protection against sun, wind and rain, that can be tailored to your precise requirements. The awning, integrated into the frame, lends the system a textile character, its fabrics making it possible to create the pleasant colour ambience you have in mind. The markilux markant offers protection, security, freedom, an outstanding appearance and comfort in a purist design.

### Your very own personal space in the open air

Using vertical cassette roller blinds, wind protection and privacy screens in combination with the markilux markant, it is possible to create your very own outdoor space.

#### **markilux syncra uno**

Two feet. One awning. No problem!

The markilux syncra uno proves itself a stable base even with just one “wing”.

#### **markilux syncra pergola**

With the additional posts at the front and the tracfix lateral cover guidance system, this option offers particular advantages in terms of size and wind stability.

**Detailed information is available from your markilux specialist dealer**

Whether for buildings that cannot have awnings attached for structural reasons, or open-air seating areas – the markilux syncra stands for perfect, large-format solar protection.

#### Awning system

Depending on the model up to 60 m<sup>2</sup>,  
as a coupled unit even larger areas are possible

#### Arm technology

Depends on the model

#### Options

Depending on the model,  
uno (only one awning / pergola),  
flex (with ballast boxes),  
posts round or square,  
LED lighting,  
foot plate covers,  
coupled awnings

#### markilux syncra flex

The ballast boxes allow installation  
without concrete foundations on site.

This will stand  
on its own two feet for you.

#### markilux syncra

Generous shading right where you need it. That is the promise made by the markilux syncra. And one it keeps. As a single unit, it will provide shade for up to 60 m<sup>2</sup>; as a coupled awning even larger areas are no problem.

This free-standing awning stand system literally stands on its own two feet: two round or square posts and a massive cross-beam ensure reliable stability. Depending on the requirements, one or two folding-arm awnings or markilux pergolas can be attached to it. This awning system is either firmly anchored to the ground ("fix") or installed using ballast boxes ("flex").

No matter which variant you choose, you can always count on the markilux syncra.

#### Awning system

Depends on the awning model  
max. 600 / 610 × 300 cm  
max. 500 / 510 × 350 cm

#### Arm technology

Depends on the awning model

#### Options

Depends on the awning model,  
the flex version can be rotated  
by up to 335 degrees,  
LED lighting,  
shadeplus,  
base cover

#### flex option

The markilux planet flex can be rotated and positioned wherever you need shading – by up to 335° with the Easy-Go lever.

#### An awning parasol with designer awning of your choice

Your markilux specialist dealers know exactly what they are doing. Allow yourself to be inspired by the range of accessories, your local markilux dealer will take care of everything else.

## Everything revolves around your requirements.

### markilux planet

The markilux planet is a parasol and awning in one. It's an eye-catcher that provides perfect shading for your room outdoors. This awning-cum-parasol protects you from solar radiation with exceptional reliability; it is extremely sturdy, yet flexible in its deployment. With the Easy-Go lever in the flex variant, you can simply rotate it by up to 335 degrees – so you can have shade wherever it is required. The slim post carries the selected markilux designer awning with ease and the combination of functionality and design is impressive. The markilux planet is further proof that everything revolves around your requirements at markilux.

### markilux shadeplus

This versatile protection against low-lying sun, inquisitive glances and glare in the front profile allows you to enjoy the late afternoon sun without having to worry about prying eyes.

A side thought.

Wind Protection and Extra Privacy

**Modular. Convertible. Wonderful.**

Whether used as a free-standing room partition indoors or as a fixed feature outdoors, whether individually or grouped together – the markilux format is much more than just a blind. It is an appeal to sociability - in textile form.

**markilux format lift**

Vertically extending aluminium frame with textile fabric covering or transparent full foil window

**Framed in. No limits. Versatile.**

The markilux clamp system keeps the cover under tension. Basic frame sections can be added in modularly fashion.

mx\_format

**Wind protection and extra privacy**

individual unit: max. 300 × 250 cm,  
extend it as you see fit,  
slide, with sliding sections, max. 600 × 250 cm,  
lift, extending window section, max. 250 × 190 cm

**Options**

triangular solutions  
for markilux awning systems,  
slide, lift,  
panoramic window

**Integrated into an awning system**

Vertical protection, perfectly tailored to markilux awning systems, on request  
possible as slide or lift version with movable sections and panoramic window.

Life has a lot of nice sides to it.  
**And now your home does, too.**

**markilux format**

Put up partitions to shield yourself from prying eyes - or create your own own personal space  
in the open air with its own textile cosiness. The markilux format puts a world of possibilities at  
your fingertips – and more than 200 cover patterns at your disposal.

# The elegant way to show your neighbours **where privacy begins.**

## markilux 790

There are few seating areas outdoors that are protected on all sides from sun, wind and prying eyes. Therefore, this slim markilux side screen simply makes your life on the balcony or patio more comfortable and enticing. It can be extended in one smooth movement and is always by your side when you need it and feel like making use of its benefits.

### Side screen

Extension: max. 450 cm

Height: 90 – 250 cm

### Options

Sloping top edge to the cover,  
mobilfix (up to a height of 213 cm),  
numerous fixture options

### Sloping top edge

The cover is available with a sloping top edge which can be cut to match the pitch of your markilux awning. It creates a beautiful, enclosed and protected area free from prying eyes and the glare of the sun.

mx\_790

**mobifix**

The moving support post with granite base plate stands secure, wherever you want it to.

**A broad range of fixture options**

markilux offers you a suitable fixture option for virtually every installation situation.

Exquisite fabrics  
in the most beautiful  
of shades.

## Awning Cover Fabrics

**markilux collection one – One collection, endless ideas**

Choose your own favourite pattern from a number of different colour families. When making your selection allow yourself to be inspired, enthused and advised by a markilux specialist dealer near you ...

collection one

## The most beautiful fabric between heaven and earth.

### The markilux cover fabric collection

The colour and quality of the awning fabric are what help make the ambience on your patio something special. Colour nuances, patterns and textures succeed in creating that uniquely special effect by virtue of their brightness and hue. As a leading manufacturer of high-grade awning fabrics with 50 years of experience in the manufacture of textiles, markilux offers an unparalleled variety. The markilux textile design team is constantly developing new patterns in line with the latest trends, which are nevertheless characterised by their timeless appeal. Among the more than 200 patterns in thematically coordinated colour families, you are bound to find your very own and most beautiful fabric between heaven and earth.

  
smartart

Art. Full.  
Visual highlights for your patio.  
Works of art, in fact.

#### **Self-cleaning effect**

Water droplets pick up dirt particles and run off the awning cover taking the dirt with them (the awning must be set at a pitch of at least 14 degrees), ensuring you can enjoy your beautiful fabric for a long time to come.

#### **Bonded awning covers**

Panel joints bonded together ultrasonically ensure a consistent, unobtrusive appearance. Their excellent resistance to water, light and fluctuations in temperature ensures that the service life of the cover is extended substantially.

#### **Light and weather resistance and resistance to fading**

High-tech yarns dyed right to the core and the high-grade snc finish developed in house guarantee the most stunning shade in which to relax.

#### **markilux AR App and awning cover finder**

markilux develops, manufactures and tests its awning cover fabrics in its own facility in Germany. Find your own personal favourite amongst the more than 200 cover patterns in the showroom of your markilux specialist dealer, with the markilux AR App or with the **Awning Cover Finder at [markilux.com](https://www.markilux.com)**

collection one

## markilux awning covers. Quality – Made in Germany.

### Functionality can be so beautiful

markilux leaves nothing to chance when it comes to making awning covers. We add a final finishing flourish to the fabric qualities sunsilk and sunvas with a special formula developed in house. This gives these awning covers particularly high longevity and the necessary resistance to dirt and the weather.

markilux awning covers made of sunsilk, sunvas and sunbow usually offer the highest possible UV protection for textiles with UPF 50+. This means that your skin's own system of protection is enhanced by a factor of more than 50. This allows you to enjoy sunny days for longer, without putting your health at risk.

Certified in accordance with Oeko-Tex standard 100, all markilux awning covers are guaranteed free from harmful dyes and chemicals.

**STANDARD  
100**

A96-0071  
Hohenstein HTTI

Detailed information about the typical properties of awning fabrics is available from your markilux specialist dealer and in the current markilux awning fabric brochure.

Beauty lies not in size,  
but in attention to detail.

# Make it easy on yourself. And comfortable.

## **markilux ease of operation**

Fulfills the highest expectations and can be used in any weather conditions. The choice is yours: manual operation (optionally spring assisted), switch-operated motor or radio-controlled motor with remote control are all possible on most models. And if you wish, light, wind and rain sensors will control your markilux designer awning according to the prevailing weather conditions. Alternatively, you simply operate it at home yourself and this can even be done when you're out and about via your smartphone or tablet.

Your markilux specialist dealer will advise you on any questions you may have with regard to operating markilux awnings in comfort and will gladly explain to you why awning motors fitted with silentec technology are deafeningly quiet.

Availability depends on the model

Hard-wired motor / Radio-controlled motor

## **markilux remote control**

Comfort can be so easy. Awning, shadeplus, light and warmth at the touch of a button.

## **silentec motor**

Deafeningly quiet. Considerably reduces the noise the motor makes when extending and retracting the awning.

## App / Home automation

### Smart control

Fashion your own personal patio atmosphere with awning, light, warmth and lots more besides in comfort using io technology with your smartphone or tablet – whether you are relaxing on your patio or away from home.

## Automatic weather controls

### Light sensor

Intelligent control of your blind or awning according to the intensity of the sun's rays. Battery operated, so there is no need for a mains power supply.

### Rain sensor

The awning retracts automatically in the case of precipitation. This intelligent control mechanism protects the cover on your awning.

### markilux vibrabox

Intelligent, sensitive and independent of the mains. Inertia sensor which reacts to the level of vibration caused by the wind and prompts a motor-driven awning to retract if the predetermined wind speed is exceeded.

### Light and wind sensor

According to the prevailing weather conditions, this intelligent control system will extend and retract your awning automatically.

## LED Line in the cassette

Appealing, ambient light in the form of an LED Line integrated into the cassette. Reserved and understated during the day. Dazzlingly beautiful and cosy in the evening.

## LED Lines in the folding arms

A highlight accompanying many a pleasant moment. The dimmable LED Lines set the scene on your patio long after the sun has retired for the night.

## LED Spots

Under the cassette or in the front profile: LED Spots that can be pivoted and dimmed create a lovely atmosphere on your patio in the evening.

## Wall sealing profile

This slim aluminium profile closes the gap between the awning and the wall, allowing rain to be discreetly drained off via the awning.

## Colour combinations and polished chrome fittings

The cassette and styling profile are available in attractive colours and can be combined with one another.

## stretch

The perfect solution for narrow patios, recesses or balconies. Thanks to the two crossover arms even awnings with a narrow width can extend further.

## Coupled awnings

Depending on the model, up to three awnings can be joined together offering even more shade. A special roller blind elegantly closes the gap between the two awning covers.

## More freedom. More free space.

### **markilux options**

Your markilux designer awning configured and tailored to your own personal and individual desires and preferences. Not a standard product, but perfect solar protection with a very personal touch. Unique and special.

### **markilux shadeplus**

Simply block out the glare from a low-lying sun and the glances of inquisitive neighbours and capture the warmth of the day in the evening. This additional cover descends vertically downwards from the front profile to create a wonderfully private room outdoors. Depending on the model, it is also available with a hard-wired / radio-controlled motor.

Availability depends on the model

# Tension. Pure.

## markilux arm technology

Highly durable, virtually noiseless  
and always perfectly geared to  
provide optimum cover tension.

### Twin steel-link chains

On the market for decades and proven in all types  
of weather: the twin round steel-link chains lie  
protected in the folding arms.

Availability depends on the model

### Bionic tendon

Inspired by nature, the bionic tendon, developed by markilux and made from high-tech textile fibres, delivers optimum power transference to the front profile and provides friction-free and virtually silent flexion of the arms. It impresses by virtue of its safeness and longevity.

## A relaxed al fresco lifestyle. You too will be impressed.

### markilux accessories

Cosy warmth and a lighting ambience full of atmosphere in the evening are the perfect complement to your markilux solar protection solution. Detailed information and professional advice can be acquired from your local markilux specialist dealer or at [markilux.com](https://www.markilux.com)

### markilux infrared heater

Feel the warmth in an instant and enjoy the evening outside for even longer. The infrared halogen lamp stands for direct warmth without a heating-up phase and a pleasant colour temperature. Either as a stand-alone unit (1400 Watt) or installed under your awning (2500 Watt, the latter optionally dimmable in three stages). Always in a top-quality aluminium housing and powder coated in the markilux awning colour.

### markilux LED Spotline

The elegant light bar in a powder-coated aluminium housing, that can be fitted almost anywhere. The LED Spots can be swivelled and dimmed. Available in two sizes: 180 cm with 3 spotlights and 300 cm with 5 spotlights.

#### Perfect soffit installations

Many markilux designer awnings blend seamlessly into their architectural surroundings when fitted in a reveal or to the soffit.

#### All included. All round.

Additional vertical solar protection, heating and lighting options are of course also available to shade your balcony.

#### Variable pitch adjustment

markilux designer awnings bow to the sun: to achieve perfect solar protection on your balcony, depending on the model up to a pitch of 85°.

# The best prospects. For all balcony fans.

**markilux designer roller blinds for windows. And even without windows.**

So that you can enjoy those precious moments on your balcony without restriction, you should be able to sit protected from strong sunlight, wind and unwanted glances. The high-quality “window roller blinds” from markilux are as attractive as they are robust – and also excellently suited for balconies. Right down the line. Award-winning. Good.

## **markilux drop-arm awnings**

The freely elective angle of the drop arms, allows you to decide exactly how much sun is good for you and how much of a view you wish to retain.

## **markilux vertical cassette roller blinds**

The cover is completely protected inside the cassette, when the awning is retracted. When vertically extended, it protects your favourite spot on the balcony perfectly.

## **markilux marquisolette**

In the upper section, the sun and privacy protection runs vertically; in the lower section, the amount of light and the view can be determined by how far the arms are allowed to drop.

A clear overview.  
Opening up  
exciting prospects.
